

Family Update Program

The Defense Prisoner of War/Missing Personnel Office (DPMO) sponsors The Family Update Program. These briefings highlight the U.S. Government's efforts to achieve the fullest possible accounting of missing Americans.

Family Updates are conducted in different geographical areas throughout the United States five to eight times out of the year. Site selection for a Family Update is based on accessibility and the number of family members living within a 350-mile radius of the site location. Family members are afforded an opportunity to ask case specific questions of POW/MIA agency representatives.
